

EVALUATION CARD

TO BE FILLED BY THE HOST ORGANISATION SUPERVISOR

The **research project** of ENSTA Paris students is assessed by ENSTA Paris taking into account the following aspects:

- ☐ How the internship went,
- ☐ Student reports requested by the school (intermediary and final report),
- ☐ Oral presentation.

The grading is carried out by a jury, at the end of a session gathering presentations of research projects in related fields.

The present evaluation card shall help inform the jury of the student's involvement in the company during the internship. We would be grateful if you could fill it out as thoroughly as possible and send it back to ENSTA Paris before the oral presentation to stages@ensta-paris.fr.
